

Families Supported by the Fund

These letters represent only a sampling of the numerous cards and letters we have received from the many families who have been touched by the generosity of our supporters. To preserve the privacy of the writers only fragments from their letters are posted here.

My wife and I would like to thank you, for considering helping our family with the proceeds from your fund raising event, in our time of need.

Our 11 yr old daughter was admitted into Mass General Hospital after months of painful headaches which had local doctors stumped. After 6 weeks of testing and 5 surgeries she was diagnosed with a cancerous tumor called an osteo-sarcoma which originated in the bone under her eye and spread significantly. Both lungs and pelvic regions are also affected. We have a long grueling battle in store where the outcome is very uncertain. I have been a long distance moving van owner/operator for 15 yrs. And was my family's only means of support. I was in southern California when I was told by my daughter's surgeon, " I should get on the next plane home", my income all at once stopped. I was not able to even fly back to get my truck until just before Christmas, and since has been lost to the bank.

Through all of this nightmare we have endured, we still witnessed some very wonderful events and have experience growth as individuals and as a family unit. The generosity and support we received from so many, has been a true miracle, inspiring so many to once again have faith in humanity. For all the generosity and selflessness shown to family our family, we are forever grateful it shall never be forgotten.

Thank You All...

Eric

I just wanted to write a letter to thank you for your check. I cannot even put into words how appreciative and thankful I am for your generosity and Kindness.

It is always amazing to me that God can turn something tragic into something good. One of my favorite passages from the bible is God's promise to work things out for the good of those who are called according to His purpose (Romans 8:28)

Please know that when God puts our family back on our feet and we have been able to move on with our lives, I would like to someday help another family as well. I am going to keep your letter until which time that I may return your generosity and pass it along to another.

Thank you sincerely for your hear to do something good out of your tragedy.
May God Bless your family.

Sincerest Regards,
Connie

Your letter came as a surprise, and assurance that angels touch our lives in surprising ways. Your little girls' smile made me so emotional. I called David to read it to him... he wept also. You've done a wonderful thing in establishing the monetary and emotional support system for others suffering such a loss. I work in an elementary school so if I can do anything to spread the safety program here PLEASE tell me.

I pray for your Jackie & all of you that have experienced the death of a child. You have taken your sorrow and turned it into something so compassionate, I pray my son will do so also.

Thank you for taking me into your thoughts and generosity.

Fondly,
Katy
