

Jackie Moore Safety Fund High School Scholarship Recipients Testimonials

Here is just some of what our recipients have had to say.

Ashley Slater:

Thank you so much for awarding me with this honorable and extremely generous scholarship! I am honored to read that you believe an investment in my education “is and investment in the future.” As I move forward in the fall at Stonehill College I will begin my journey of becoming an educator. I will be studying history, following in both my mother’s and father’s footsteps!

Caroline Mailloux:

I am writing to thank you for your kindness and generosity. My family and I are absolutely blown away by your commitment to the community and support of youth success! Thank you so much for taking the time to read over my scholarship application and choosing me as a recipient. I am both honored, and inspired by your community outreach. I would love to learn more about the Jackie Moore and her memorial fund, and one day have the opportunity to thank you in person for the incredible gift you have given to my parents and me. I will think of you often during my next four years at Brown and know how much you did to make it possible!

Katie Weygand:

I would like to express my gratitude and appreciation for choosing me as the recipient for The Jackie Moore Child Safety Fund scholarship. I think having a scholarship in Jackie’s name is a really great thing. While helping in educational purposes, it also continues to bring awareness for the safety of. Children are something we can never be too cautious with.

Maria Pelaggi:

Thank you for selecting me for the Jackie Moore Child Safety Fund Scholarship. I greatly appreciate your generosity.
